To the attendees of the USAF Summer Camp,

Thank you for your continuous support of Seaview, we are excited to have you return next week! As you may know, Seaview has been working towards a complete guest room renovation in order to continue to provide the quality experience our guests expect when they walk through our doors. Phase 1 of this project began in April and involves the replacement of every window in the building along with the exterior stucco of the wing.

As of today this portion of the project, is 90% complete. While we don't expect that this will in any way impact your comfort while staying with us, we did want to be sure that you were made aware that there will be limited construction activity around the perimeter of the building. Should you have any questions or concerns upon your arrival please do not hesitate to let any of our staff know.

We are here to make sure your stay is exceptional.

Sincerely,

*Seaview Staff*
